Self-Enumeration

Population Enumeration

FLOWCHART

SECTION 1: ACCESS & VERIFICATION

1 Portal Access, Login & Language Selection

Access the SE Portal
https://se.census.gov.in

- → Select State/UT
- → Select preferred language **(Language once selected can not be changed later)**
- → Read important instructions and click *"Continue"*

2 Mobile Number & OTP Verification

- → Enter the Mobile Number provided during the first phase of Census (HLO) for easy assignment of SE ID to the concerned Enumerator.
  - Else, enter any other Mobile Number
- → Enter Captcha and click *"Verify and Proceed"*
- → Enter OTP and click *"Verify OTP"*

SECTION 2: LOCATION VERIFICATION

3 Verify House Location

Mobile Number matches with the HLO Database

NO

Enter another Mobile Number and try again for matching

OR

Continue with this number, follow Step 4 and proceed to fill question

YES

If fetched location is same as your current residential location then confirm this location and proceed to fill question

If fetched location is different from your current location then follow Step 4 and proceed to fill question

4 Identifying location in Map

Select District, Sub-District and Village/Town

- → If you are doing Self Enumeration (SE) through a mobile device at your residence, you can fetch your mobile device location by clicking "Fetch Location". Else
  - Enter landmark/locality details. Location matching the details entered will appear as drop-down
  - Select one nearest to the location of your residence
- → Move the Map to mark the location and click "Confirm location & Proceed"

SECTION 3: DATA ENTRY & SUBMISSION

5 Complete the Questionnaire

First fill Questions 1–6 for all Household members

- → Go to Dashboard
- → Complete Questions 7–40 for each member
- → Click on *"Save member details"*

6 Review Household Details

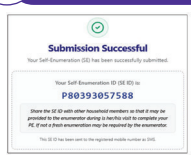

Review the information for each Household member by clicking *"Review & Submit Household"* and make corrections, if required

7 Final Submission

- → Submit the Household data by clicking *"Submit Household"* after confirmation **(No changes can be made by you after final submission)**

8 Generation of SE ID

A unique 11-digit SE ID prefixed with **"P"** is generated after successful submission
Note and share with other Household members

SECTION 4: FIELD VALIDATION

9 Enumerator Visit & Validation

Provide the SE ID to the Census Enumerator during the house-to-house visit

Note: Please keep the SE ID readily available & accessible anytime

(You may retrieve SE ID from the portal through registered mobile number)

SE ID Match
SE data is confirmed, accepted, signed and submitted

SE ID Does Not Match
Enumerator collects Population Enumeration data afresh for all household members
