Summer Internship-II & Student Centred Activities — 5th Semester

BTEUP Diploma in Civil Engineering • 5th Semester • Session 2026-27
Subject 5.10 (Internship) 100 Marks • SCA 50 Marks • Total 150 Marks • 2 Credits

Note: The scheme row reads “SUMMER INTERNSHIP** (4–6 WEEKS)” ; the internship text in the PDF describes Summer Internship-II as 6 weeks after the IVth semester, assessed in the Vth semester with 100 marks. Marks are shown with * in the scheme (see extra).

Examination Scheme

Code	Paper	Type	L - P	Credits	Internal	External	Total
5.10	Summer Internship-II (4–6 weeks after IVth Sem.)	Internship	—	2	60*	40* (3 hrs)	100*
—	Student Centred Activities (SCA)	Activity	0 - 8	—	50	—	50
Internship-II + SCA Total				2	110	40	150

Summer Internship-II — What It Is

Guided and supervised professional training of a minimum of 6 weeks duration, organised during the semester break after the IVth semester examinations (the 5th-semester scheme row says 4–6 weeks). It gives students an opportunity to experience the environment and culture of corporate construction offices / government construction and design departments / construction agencies / builders' organisations / design consultation units and commercial activities undertaken in field organisations, and to integrate theory with practice. The concerned HOD, along with other teachers, guides students in arranging appropriate training

places relevant to their branch. A training schedule is drawn up for each student before starting, in consultation with the training provider, and students are briefed in advance about the organisational setup, working environment, designing and drafting process, and important machines and drafting tools used in the training organisation. A minimum of one visit by the teacher is recommended. Students keep a daily report in a diary during training, which later becomes the final report and its presentation. * Students will submit the certificate. ** Students will present a seminar/viva on their summer internship / Advance Skill Certification along with certificate, project and report.

How Internship-II Is Marked (100 Marks)

Internal assessment 60 marks, external assessment 40 marks (3 hrs). The evaluation components given in the PDF are: punctuality and regularity — 15%; initiative in learning new things / field exposure — 20%; presentation and viva — 40%; industrial training report — 25%. Evaluation of the professional training report through viva-voce/presentation aims at assessing the student's understanding of drafting various working drawings, designing process, practices in offices/field organisations and their ability to engage in activities related to problem solving in a professional setup, as well as understanding of application of knowledge and skills learnt in real life situations. Evaluation is recommended to be carried out by a team comprising the concerned HOD, teachers and a representative from the organisation.

Student Centred Activities (SCA) — 50 Marks

A provision for overall personality development, including co-curricular activities such as extension lectures, games, hobby clubs (for example photography, painting and singing), seminars, declamation contests, educational field visits, NCC, NSS, library work, cultural activities and self-study. Maximum marks for SCA: 50, distributed as: (i) 15 marks for general behaviour and discipline (by HODs in consultation with all the teachers of the department); (ii) 10 marks for attendance — 75–80% = 6 marks, 80–85% = 8 marks, above 85% = 10 marks; (iii) 25 marks maximum for sports / NCC / cultural / co-curricular / NSS activities — 25 for state/national level participation, 20 for participation in two of the above activities, 15 for inter-polytechnic level participation. Note: there should be no marks for attendance in the internal sessional of different subjects.
